        - VerificationPage?
        - Wiki? ...
      - Final Welcome with some Msgs
        - no more a review
    - How do we proceed with unsubscribers?
    - Welcome Message != Mentoring

# *and then?*

    - quick and dirty but does the job (OneorZero)
  - Automated a bit

    - Send Reminders to unsubscribers by list function
  - communication more

# Ambassador Mentor

- Improve Mentoring
  - Why?
    - structures
      - Example: know the Code of Conduct
    - Who can help you
    - can i get ...
    - not so many self-starter
    - do not invent the wheel twice
    - do not make mistakes we have done already
    - a helping hand free of choice who will not force “you”
  - Mentor for every new Ambassador?
    - Mentor = time commitment
    - How? – free to help on/off
  - Maybe a Ambassador Classroom twice a month?

# *Improve Ambassador Measurability*

- To get Support
    - Listing on FedoraEvents
    - Event Report is required to get sponsoring
  - Should we count?
    - Events
    - new Contributors recruited by Ambassadors
    - Installed Systems on Install Fest
    - Media, Shirts ...
    - can we put all this in Relations?
  - **Do we need it all this?**
